

NORTH TRAIL TO ADVENTURE - CUBS IN SPACE OCTOBER 2, 2010

For those growing up in the era of Sputnik, space was at the forefront of our minds daily. Every rocket launch was exciting, test pilots and astronauts were our heroes. It was front page news and kept us glued to the television, hanging on every word. It was not only an exciting time for individuals, but a vision of what could be accomplished through teamwork. It inspired a whole new generation of engineers and scientists and led many into a lifetime of public service. Re-live those inspiring times, come play in the heavens at *Cubs In Space!*

Mega size rocket launches, Archery, BB guns, Star Ships, equipment displays, launch and recover your own spacecraft (at Shuttleport), climb a Martian Rope Bridge (at Caves), Star gazing, Jedi foam sabres (at Castle), Awesome Campfire, Trading Post and memories that will last a lifetime!

Use this event as a recruiting tool at your 'Join Scouting Night'. As long as everyone is filling out all that paperwork, slip in a permission slip for NT2A. This is an excellent opportunity to showcase Cub Scouting to your new recruits.

For unit leaders there are a few important dates;

9/29 Last day for on-line registration and campsite reservations.

10/2 North Trail to Adventure – *Cubs In Space* @ Cub World / Camp Wisdom
